Telling your Story:

At the beginning of the ceremony, I like to share a bit about both of you.

Your story tells everyone how you have grown as a couple.
How you met, married and the special moments you wish to share.
By answering some of these questions, I can create your story.
It will also help you to think of ideas for your personal vows.
After years of being together, the Renewal of Vows, is a reminder to one another that each of you believe in each other. It is a time to express gratitude for the things that person has brought to your life, and the things that you have both learned from each other.

About you:

- ❖ When and where did you first meet?
- ❖ How long ago did you get married?
- ❖ What still inspires you about your loved one?
- ❖ What life goals and dreams have you shared? eg Children, Travel, Home
- ❖ What have you learned from each other since being together?
- ❖ What qualities make your love unique? What qualities are keeping it strong?
- ❖ How have things changed as you have grown together?
- ❖ What do you most look forward to about your continued life with this person?
- ❖ What are some special moments in your relationship? Funny, serious, happy or sad
- ❖ What makes you want to renew your vows and share your love for each other with your friends, children and family.

*Thank you and I look forward to making your event a wonderful
and happy occasion.*
